Deb and Darcy –

FYSA, the email and attachment went out to OECA managers and Lead Region. OECA hasn't asked us to share this with the other regions, and I'm not planning to do so at this time. I think our work with OECA over the last month in giving considerable thought to the EOs and implementation memos has put the ECADs and OECA in a strong position to address new administration directives related to policies tied to the EOs that have been or will be withdrawn. Please let me know if you have any questions.

Suzanne

All,

Attached is a list of the Trump EOs with which we have been contending (including 3 signed on January 18th) and their current fate. If anyone is aware of additional information, please let me know. Perhaps more of these will be revoked in the coming days.
